

ORTHOUNITED

LOCAL ORTHOPAEDIC EXCELLENCE  
FOR A LIFETIME OF MOBILITY

[OrthoUnitedOhio.com](http://OrthoUnitedOhio.com)

For over 35 years, the doctors and healthcare providers of Spectrum and OMNI Orthopaedics have provided our local Northeast Ohio communities with the most comprehensive orthopaedic care available. Together, as OrthoUnited, we are raising the standard of musculoskeletal care.

Collectively, our doctors live, volunteer, teach, coach, mentor and provide the highest quality of care to Canton and our surrounding communities. Our mission is dedicated to cultivating excellent world class care by utilizing cutting edge technologies and innovations.

OrthoUnited evaluates and treats a full range of orthopaedic conditions and injuries. Our physicians and fellowship trained specialists maintain their dedication to continued education. They perpetually evaluate the latest advances in musculoskeletal care such as providing robotic-assisted surgery and minimally invasive procedures.

The OrthoUnited team is dedicated and committed to our patients to ensure their evaluations and treatments are in-depth, meticulous, and efficient as we strive to provide maximum recovery to achieve and maintain an active lifestyle.

# Orthopaedic Specialties

OrthoUnited is Northeast Ohio's most comprehensive orthopaedic center with world-class providers focusing on specialized orthopaedic care and state-of-the-art treatments. At OrthoUnited, you will be cared for by specialists with years of experience treating your specific condition and who have access to the latest advances in orthopaedic care and breakthrough technologies.

## We Provide Everything **YOU** Need for Cutting-Edge Care

### Spine Surgery

### Shoulder and Elbow Surgery

### Hand and Wrist Surgery

### Hip and Knee Surgery

### Total Joint Replacement

### Foot and Ankle Surgery

### Sports Medicine

### Orthopaedic Trauma

### Pain Management

### Physical Medicine and Rehabilitation

### MRI & Imaging

At OrthoUnited, we use the most advanced methods to offer you a higher caliber of care. The first step in starting on a path toward recovery is determining the cause of your pain and discomfort. Diagnostic imaging allows us to thoroughly evaluate your anatomy and determine the right course of treatment.

### Surgery Centers

OrthoUnited offers state-of-the-art surgical centers for our patients who require outpatient orthopaedic surgery. Our integrated team of physicians, nurses and support staff are focused exclusively on Orthopaedic care and excel when it comes to clinical outcomes and patient satisfaction. We offer high-quality, lower cost care and same-day discharge to get our patients on their road to recovery and back to living an active life. Our surgical centers are accredited by the Joint Commission on Accreditation of Healthcare Organizations that focuses on performance improvement strategies to ensure we continuously meet the highest standards of safety and quality of care.

### Physical and Occupational Therapy

Strengthen your body, reduce your pain, and help prevent future injury with physical and occupational therapy. The experts at OrthoUnited provide custom treatment plans of exercises and therapeutic interventions. Therapy utilizes a variety of treatments and physical exercises to begin the rehabilitation process in the wake of an injury or orthopaedic condition.
